

# Do You Support 100% Smoke-Free Restaurants?

If the answer is Yes,

## Call your Mayor and City Councillors And tell them!

Some people who own restaurants, which include bars, want special treatment. They are a small minority but they are very vocal. Your mayor and city councillors need to know how important smoke-free restaurants are to the majority of Londoners---at least 3/4 of the population of London.

**SO LET'S MAKE ALL OUR VOICES HEARD!**

**CALL YOUR MAYOR AND CITY COUNCILLORS TODAY** and make them aware of your support. Your health is at stake!
